Vol. 22--No. 24

Washington, D. C., March 17, 1926

The Axe

By Frances Randolph

THE University has sprung into the limelight three separate times during the past week, has decorated the front pages of Washington newspapers, featured last-minute editions of a sensational sheet, and furnished many subjects for speculation among the groups who delight in arguing the wickedness or virtue of the younger generation.

ONE begins to wonder what news has become in these days of degeneration. When a University announces that it will build a third unit in its construction plan, a building destined to accommodate the sons and daughters of Washington men and women in their pursuit of the higher education, the story is carried on the school page with none too striking headlines. But when a man who was connected with the University many years ago kills himself in Europe, startling headlines on the front page tell of the event. A co-ed is picked to illustrate "the perfect American type," a thing which of course is non-existent. Her pictures, some bearing labels calling attention to her perfect points, are carried in two papers.

THREE former University students cut up two cats and half of the news space on the front page of a Washington newspaper is not too much for the details of the episode. If three boys had simply killed two cats, the story would be of no news value. But, attach the name of an institution of learning to the deed, call it dissection, and it becomes the sensation of the day.

THIS does not mean that the killing of the two cats, one of which was the mother of several tiny kittens, is condoned. Supposedly they were killed in the interest of science, since the boys had at one time studied bits of zoology. If their "intellectual" brains had been worth the wasting of two cats' lives to give them knowledge, they would not have been dropped from the University for poor scholarship and their zoology professor would have furnished them with cats to dissect when they were capable of benefiting by the experience.

MUCH to the disappointment of the writer, Dr. Bolwell diverted his talk on "The World's Worst Poetry" away from the fascinating, if destructive, field which consists of lapses in the work of the world's best poets to a new and practically untouched one. "The Wanderings of Unsound Minds" would have been a better topic, since the stuff could not truly be called poetry at all, and was admittedly fit to be used as evidence before a jury on insanity. It was vastly interesting to psychologists and amusing for the laity.

"THE World's Best Poetry" would be a better field in which to spread one's aesthetic soul. To pick from that hodge-podge of good, bad and indifferent which we call literature those occasional breath-taking passages of poetic beauty, and to give them to the consideration of the world, would be a worthy object for any man's work.

ASIDE from the fact that the Hatchet staff was in the minority at the Hatchet dance, the event went off much as planned. Jack Milligan, of course, injected the journalistic local color into the scene by sporting a quite impossible tie, frayed and rakishly draped around his neck. One Charleston by an unknown little girl wearing a brown dress and other things seen but omitted in this account because of modesty of the writer, were the most interesting of the evening. Several other attempts got through the earliest stages and died out because of the too-crowded floor. One persistent and dangerous couple noticeable chiefly through the too reckless use of the heels was responsible for many a limp seen on campus.

G. W. TO INSTALL ONE YEAR RULE

ACACIA COPS TITLE IN SECOND LEAGUE OF BOWLING MEET

Play Off Three-Cornered Tie To Decide League Bowling Honors

T. U. O. PUTS UP FIGHT

Acacia and Kappa Sigma Left in Fight for Interfraternity Bowling Cup

By GEORGE N. GARDNER

Acacia nosed out Theta Upsilon Omega to gain first place in League 2 in the interfraternity bowling series by winning the two closest and most exciting games that have been bowled in the tournament to date. Both games resulted in ties and had to be decided by extra frames. Preceding the T. U. O. game Acacia decisively defeated Theta Delta Chi, the third fraternity in the three-cornered tie which was played off last Wednesday.

By last week's victory, Acacia earned the right to bowl Kappa Sigma, champions of League 1, for the interfraternity bowling cup. This match will be held early enough so that the cup may be awarded at the Interfraternity Prom, March 19.

The two T. U. O.-Acacia games were easily the best games yet rolled, from the spectators' standpoint, although better scores have been made in other games. The first game ended with the score 472 to 472. It was decided by letting each man on each team roll two extra boxes. Acacia won the playoff 90 to 83.

Nothing daunted, the T. U. O. launched a drive in the second game that gave them a twenty point lead by the time six boxes were rolled. Acacia rallied at this time, and, with an avalanche of spares and strikes, pulled up even with T. U. O., making the final score 497 to 497. Again extra boxes were rolled, and again Acacia was successful, spilling an even hundred pins as compared to 87 for T. U. O.

Acacia Swamps Theta Deltis

Theta Delta Chi vs. Acacia was the first encounter, Theta Upsilon Omega having been fortunate enough in the drawing to win the right to bowl against the winner of the first match. The winner of two games out of three was to be the winner of the match. Both matches were decided in two games.

Acacia won the first game from the Theta Deltis 490 to 430, and the second 514 to 470. Acacia's score of 514 was the best team score for a single game of the evening.

In the first game three Acacia men made scores of more than 100, Bailey, Kelly and Wingard. In the

LARGE CROWD EXPECTED AT FRATERNITY PROM

Committee in Charge Reports Everything Set for Occasion, With Novel Features Carded

Everyone is set for the Interfraternity Prom to be held in the New Willard Hotel, Friday night, March 19. Dick Leibert's Sangamo Band will furnish the syncopation for dancing from ten to two.

There will be sixteen dances according to the chairman of the Prom committee, who reports that the orchestra has promised to play all sixteen of them. Favors are said to be hidden in a nearby cellar, and are reputed to be the best yet. The sale of tickets is also reported satisfactory, and a large crowd is expected. Tickets are selling for five dollars this year, which is two dollars cheaper than the price last year.

The entertainment, Chairman Beattie reports, will be novel, and will include the premier of two of the songs of Jack Hutchings, ex-'26, has written for the University Musical comedy, to be staged by the Troubadours on May sixth.

To Award Trophies

The several trophy cups awarded to the winning fraternities in the various competitions held between houses during the past year, the relay cup going to Sigma Phi Epsilon, the baseball cup to Kappa Sigma, the basketball cup to Sigma Alpha Epsilon, the scholarship cups to the winners among the social and professional fraternities, and the bowling cup to the winner of the match between Acacia and Kappa Sigma, which will have been played off by that time.

Tickets for the Prom are obtainable from any member of the Interfraternity Council, and will be on sale at the door.

SMOKER HELD BY PHI LAMBDA KAPPA MEDICAL

Phi Lambda Kappa medical fraternity smoked the "Pipe of Peace" with its alumni and professors when it held a smoker Saturday night, March 6, 1926, at the Franklin Square Hotel. Intermingled with the anecdotes and jokes were the talks made by the alumni.

Among the alumni present were Doctors Bernton, Cafritz, Shagen and Spiegel of George Washington University and Doctors Fisher and Herzberg of Georgetown.

Music for the evening was furnished by La Java Orchestra aided by Messrs. Wilson, Alpher and Pinsky, who rendered vocal selections.

PITTSBURGH LOSES TO GIRL DEBATERS

Hatchetite Trio Wins Close Debate From Visitors by 2 to 1 Vote

TO MEET BATES TONIGHT

Team Is Picked for Trip; Ithaca and Hunter Teams to be Met

Continuing their successful argument on the Child Labor Amendment issue the George Washington University girls' debating team received a two to one decision over the trio representing the University of Pittsburgh in a debate staged in Stockton Hall last Saturday night. This is the first time in three years that the Hatchetite girl forensic stars have won over their Smoky City rivals, as the Pennsylvanians were successful on the two previous occasions.

The G. W. team, consisting of Irene Kushner, Willie Kennedy, and Phoebe Morrison, were confident of their argument, having won from West Virginia two weeks ago, and from the very beginning seemed to have an edge over the opposing team. Their method of presentation was practically the same as used two weeks ago consisting of a legalistic method of attack, and maintaining that the burden of proof rested with the affirmative side.

Alice Erwin, Emily Thurber, and Della Shapiro upheld the affirmative side for Pittsburgh. They maintained that the question of child labor was a national problem, that the federal amendment is the only solution, and that no resulting evils would occur should the pending law be ratified. They denied that the question of states rights was involved, and based their argument solely on concurrent jurisdiction.

Refutation Is Lively

At the close of the refutation, which was the liveliest part of the debate, the judges, who were C. J. Sample, E. C. Haskell and C. T. Kemmerer, rendered a two to one decision for the George Washington University team.

Tonight the Hatchetite girls' affirmative team is to meet the girls debating trio from Bates College in what promises to be the outstanding contest on their schedule. The debate will be held in Stockton Hall at eight o'clock.

The men's debating team of Bates College defeated the G. W. men's team a few weeks ago on the Child Labor topic, and the Buff and Blue girls are out to win back the honors. Ruth Newburn, Helen Miller, and Vivian Simpson will present the argument for George Washington University.

Tryouts for a team to meet Ithaca College and Hunter College on a trip through New York State next week were held last Thursday night. The girls selected are Ruth Newburn, Willie Kennedy and Helen Miller. They will uphold the negative side of the question "Resolved: That the United States should adopt a unified marriage and divorce law" at Ithaca, while the debate at Hunter will be staged in open forum fashion.

MASONIC CLUB HOLDS ELECTION OF OFFICERS

At the annual meeting of the George Washington University Masonic Club last Wednesday in Stockton Hall the following officers were elected for the ensuing year: B. A. Whitney, President; Robert G. Dillaway, Vice-President from Law School; Elmer G. Brown, Vice-President from Columbian College; E. O. Seagquist, Vice-President from Engineering College; Ivan O. Boother, Secretary and M. M. Daubin, Treasurer. During the same evening Clay C. Holmes and G. T. Cunningham were initiated into the Club.

Plans were announced for the Annual Masonic Dance on April 16 at the Willard, with Happy Walker's music, price per couple \$3.00. Tickets can be secured from Ivan C. Boother, Secretary, 1707 Mass. Ave.

THIRD INTER-CLASS TRACK MEET TO BE HELD ON APRIL 17

G. W. Club Announces Plans For Biggest Athletic Event of Year

TO BE HELD AT EASTERN

Greek Relays Will Feature Program Of 25 Events—Records Should Be Broken

The Third Annual Inter-Class Track and Field Meet of the University will be held at Eastern High School Stadium, Saturday, April 17, 1926, under the auspices of the G. W. Club.

The Annual Inter-Class meet was inaugurated in April, 1924, by the G. W. Club, and in that year and in 1925 proved such a decided success that it has become a distinctive feature among the annual affairs of the University. Every student who can possibly do so should enter the meet to uphold the honor of his class as well as win personal reward for himself.

The Inter-Class Meet includes numerous track and field events for both men and women, bringing together in one big field day the greatest number of students assembled in a single athletic event during the year.

It is naturally planned to make each meet greater than the preceding one and this year is no exception. The G. W. Club, with the cooperation of the Women's G. W. Club, has developed a well-balanced and interesting program of track and field events this year with a view to making the meet one long to be remembered in class contests. With the incentive offered students to win for their class the huge silver Louis A. Fischer Memorial Trophy and trophies and medals for themselves, there should be a large number of entrants in the various events listed.

Varied Program Is Planned.

In the "open" events will be seen some of the star performers of the Varsity Track Team of past and present years, including Aaronson, Anderson, Bixby, Domigan, Harmon, Grass, Loehrer, Simmons, Tolson, Willett, and Clapper. Many novices are expected to enter the "closed" 600-yard run. Any man who has placed in this event in previous years is not eligible to participate this year.

The following events will be run off in this year's meet: Men (open

(Continued on page 4)

ALL-UNIVERSITY CONCERT PLANNED BY GLEE CLUB

Variety of Songs and Solos to Feature Event—To Dance After Concert

Plans are going forward for the All-University Concert to be given by the Men's Glee Club, Friday night, March 26. The Club is making extensive preparations for this appearance in an attempt to make it the best concert which it will render during this season. For the past two or three weeks a committee headed by Jack Poole and Henry Klinge, working in conjunction with the manager, Jimmy Ewin, and with the aid of a number of patronesses has been laboring for the success of the concert.

"We want to give our very best to the University on that night so that we may give the students an idea of the work which we have been doing," is the way one of the committee members expressed himself. The club is now at the height of its season. Concerts are being given every week and occasionally the club appears three or four times in one week.

At this concert, the club expects to render a varied selection of songs, interspersed with readings, vocal and violin solos, and several numbers by the male quartette. Those in charge promise a well balanced and entertaining program. In addition to this, arrangements have also been made for dancing after the conclusion of the program. Tickets for the concert will also include the privilege of dancing. For the convenience of the students, tickets may be secured from the University office, from Jack Poole and Henry Klinge, or from any member of the club. The price of the tickets is announced as seventy-five cents each.

Last Friday night the club gave one of its regular concert programs at Park View Christian Church. On Sunday afternoon it gave a sacred concert at the Vesper Service which is a well-known weekly musical event at the First Congregational Church, the church which President and Mrs. Coolidge attend.

SENIOR RINGS TO BE DISPLAYED THIS WEEK

Senior rings are to be displayed Wednesday, Thursday, and Friday of this week to girls in the Women's University Club Rooms, and to men in the Men's Study Room by Aud and Company, Jewelers.

The rings are to be slightly different from those of previous years, and the prices lower. The regular ring is to be \$15.50, which is \$2 less than the price of last year, and the other styles range in price from \$10.50 for the woman's miniature to \$22.50 for a ring set with real stones.

MEN'S DEBATE LOST TO CENTRE COLLEGE

Visiting Team Gains Decision Over G. W. Stars by 2 to 1 Margin

EX-SENATOR PRESIDES

Team Is Selected to Make Week-End Trip Through New York State; To Meet Syracuse

The debating squad of George Washington suffered another setback Friday evening when the Centre College duet won the decision in a word contest over the resolution that the Constitution should be amended to give Congress power to regulate child labor. J. Ashlin-Logan and John M. Bull, comprising the team from Danville, Ky., contended against the adoption of such a resolution, while William R. Ogg and John P. Trimble upheld the affirmative of the question.

The debate itself showed considerable preparation and oratorical ability on the part of both teams. However, in the minds of the judges, Charles Denby, Jr., Princeton '22, J. A. Sourwine, Cornell '12, and W. O. Burnier, Washington and Lee '21, the visiting team were the better prepared and followed their contentions through a logical conclusion. This opinion was by a two-to-one vote.

Stanley Was Darrow's Opponent.

Honorable A. O. Stanley, ex-Senator from Kentucky, presided. Mr. Stanley will be remembered to many by his memorable debate with Clarence Darrow, on the abolition of capital punishment, held in the Washington Auditorium a year ago.

The men from Centre are prominent in campus activities in Danville. By this victory Mr. Bull has maintained his unbroken record of having emerged victorious from every debate in which he has been engaged. While in Washington the visitors were the guests of Theta Upsilon Omega Fraternity and the debating council. Ray C. Crowell arranged for and planned the entire debate.

A trio from the University debating squad are making a week-end trip to New York. W. A. McSwain, W. F. Williamson and John P. Trimble have been selected to meet a trio from Syracuse University at Syracuse on March 19th, and another from New York University in New York City on the return day. The resolution to be argued will be that proposing a change in the Constitution giving Congress power to regulate child labor.

PLANS BEING MADE FOR LAW SCHOOL BANQUET

Sub-Committees Arranging Details; Tickets to go on Sale at Law School

The annual banquet of the Law School has been definitely set for Saturday, April 17, at 7:30 p. m., at the City Club. This event has long been of great importance and is the one occasion when all the Law students gather for a purpose not strictly serious.

Professor Earl C. Arnold has been elected chairman of the banquet committee; this committee is composed of the presidents of the various law classes, members of the Law School Senate, representatives of the legal fraternities and sororities, the Women's Legal Club, graduate students, the alumni and the faculty.

The sub-committees are arranging details of the program, which will be announced later. Tickets may be procured from any member of the committee, or at the office of the Law School in Stockton Hall.

HARP SOLOS AT CHAPEL

President Lewis held noon Chapel, Wednesday, March 10. Miss Katherine Riggs gave some delightful selections on her harp. The program was thoroughly enjoyed and it is hoped that Miss Riggs will soon pay another visit to G. W.

Faculty Committee on Student Activities Passes Measure Unanimously

TO TAKE EFFECT WITH SCHOOL OPENING 1927

Athletic Work to be Required of Freshmen Next Year Is Present Plan

Definite and final action was taken by the faculty committee on student activities on the one-year rule with regard to the representatives of the University participating in intercollegiate sports at a meeting held recently. The new regulation will take effect with the opening of school for the academic year of 1927-28. This announcement has just been made by Dean Van Vleck, chairman of the committee.

The rule is to be delayed for another year in order to give the athletic director a chance to work up sufficient veteran material by the installation of compulsory gymnastics for freshmen, with work on the school team credited as gym work. Last year it was announced that the student activity committee was proposing to make the rule effective this year, but because of existing conditions in athletics the committee decided to put off the introduction of the rule one more year, and then bring it into effect with regard to all varsity teams.

The new regulation, which was unanimously adopted, is as follows: "Beginning with the opening of the academic year 1927-28, no student who has not been registered and in attendance in the University for at least one academic year shall represent the University on a varsity athletic team in an intercollegiate contest."

Dean Van Vleck's Statement.

Dean Van Vleck, chairman of the faculty committee on student activities, in a statement to the Hatchet, said, "This is not a declaration of policy for the future, but an actual rule adopted by the faculty committee. Its operation is postponed one more year, but not because the committee has any doubt about the desirability of the rule, but solely because the condition of intramural athletics at the University is at present not such as to justify the operation of the rule next year."

"An additional year is provided during which the director of men's athletics can develop a system of intramural athletics as a foundation for the varsity teams engaged in intercollegiate athletics. "The committee now stands committed to this action and takes this opportunity of assuring the University that there will be no postponements or variations of this rule. Members of the committee are determined to have the one year rule effective for all varsity athletic teams in the University beginning with the academic year 1927-1928."

GIRLS' G. W. CLUB TO GIVE CARD PARTY FOR BENEFIT

Money Raised to Be Used for the Purchase of Additional Gym Equipment

A benefit card party to raise funds for school athletics has been announced by the Girls' G-W Club for Thursday, March 25, at 8:15, in the University Cafeteria. Tickets are 50 cents and may be obtained from any of the club members. The money is being raised to aid in the purchase of gym equipment for which the club is already largely responsible. Indoor baseball apparatus as well as a volleyball are already this season's contribution. The club was also instrumental in helping with the annual football prom given after the fall season closed.

Election of officers at the last meeting placed Daisy Robison as honorary vice-president for the alumnae and Edna Kilpatrick acting vice-president. Alice Haines and Emyrtrude Vaiden retained their positions as president and secretary-treasurer, respectively. Plans are under way for the presentation of basketball and rifle letters, and the new members will be initiated at a banquet held sometime in the late spring. Basketball letters will be given to the first string team and those of the second line who have earned them by participation in a prescribed number of games. The formal presentation will take place at a special chapel exercise in the next few weeks.

SPANISH CLUB PARTY

The Spanish Club held a card party in Corcoran Hall, Room 1, Wednesday evening, March 10. Entertainment was furnished by violin solos rendered by Miss Anne Sweeney, who was accompanied on the piano by Mrs. Mary Bessemer.

LITERARY EFFORTS

Friendly as well as hostile critics of the Hatchet have complained of the lack of space in its columns devoted to pure literary efforts. The Hatchet in turn deprecates the lack of a medium for such expression on the part of the student body. With an exceedingly limited amount of funds on which to run this publication, the Hatchet finds it extremely difficult to cover the essential news of the University, and can find no space in its crowded columns for effort of this nature. A number of excellent literary contributions have been sent the Hatchet this year, but because of the press of news interest they have not been published.

There is no more alarming indictment of the University's intellectual and cultural standing than the absence of a literary magazine. If a sufficient number of students were seriously and actively interested in this phase of periodical to organize and compile copy for an issue, there is at least a chance of securing an appropriation to help them in getting out a magazine. Those who are interested in this field of activity should organize their efforts and present some constructive basis for an appeal for this type of publication.

THE SCHOLARSHIP CUPS

Announcement of the results of the race for the scholarship cups between the social and professional fraternities who are members of the Interfraternity Council shows that the averages maintained by the fraternities here compare very favorably with those of other Universities. These cups are an incentive to better work on the part of the member fraters and have an excellent general effect on the University. The sororities are to announce the winners of their scholarship cup in the near future. Their averages have also been excellent in the past and rank well with other Universities.

NEW LIBRARY NEEDED

George Washington University is going to construct a fine building on the corner of 21st and H to connect with Corcoran Hall. This building, we hope, will contain a library for the Department of Arts and Sciences. The contrast between the perfectly lighted, well fitted library in Stockton Hall and the old, dark room which has been used by the Arts and Sciences Department for years is one of the first impressions a visitor to the Law School receives. Because of a lack of financial resources, the University has been unable to meet the need for a new library, but with the erection of the new unit it is expected that this need will be met.

SPORTORIAL

The contemplated spring football game between Maryland University and Washington and Lee University will be an innovation in the field of college athletics in this section of the country. Several Southern colleges use this method of winding up their spring training work, and the proposed contest here would be a step in the same direction.

There are several outstanding arguments in favor of such a contest in all Universities holding spring training. It gives the men something to look forward to, something to fight for a berth on the team for, a chance to show their real worth under fire, and a chance to work their formations and combinations against opposition that is not familiar with them. Objections in the way of hot weather and financing are sure to arise, but the value of at least one such game during the spring season seems so great that it should become the part of every coach's spring plans to stage such a contest.

LOSS OF CAT MOURNED

The Delta Zeta Sorority mourns the loss of the mother of three kittens, which disappeared from the University Cafeteria building around February 17. Three bold bad boys of the University have been accused of making away with the feline, and using her for purposes of anatomical exploration. Evidence in the form of two cat's eyes exhibited in a jewel case by one of the accused has been gathered. The Humane Society has threatened action. The Delta Zeta's are feeding their kittens with an eye dropper, and are said to be contemplating erecting a memorial to their lost pet.

Hattie Wise entertained with a theatre party last Thursday afternoon, having as her guests Betty Brandenburg, Louise Braswell and Helen Walten.

Phi Alpha chapter of the Chi Omega fraternity announces the initiation of the Misses Irma Bauls, Virginia Cooper, Marjorie White, and Hattie Wise, Sunday evening, March 7, in the fraternity rooms.

Miss Grace Collier entertained the members and pledges of the Alpha Delta Pi sorority at a dance at her home on Friday evening. The ball room represented a beautiful flower garden.

The Phi Kappa Delta fraternity held a formal dance several weeks ago at the Mayflower Hotel. Many of the fraters from the Maryland and New York chapters attended the dance.

The Tau Alpha Omega fraternity held a formal dance at the Cabinet Room of the New Willard Hotel last Saturday night from nine to two. The dance opened the T. A. O. social season this year. Many of the fraters from the out of town chapters attended, including the national officers. The music was furnished by Seidenmann's Orchestra.

Pi Beta Phi held an important special meeting last Friday evening. A situation which had long been known to be serious suddenly developed complications which demanded the attention of the chapter girls. After discussion conclusive evidence was produced in the form of Mr. Granville Brumbaugh, armed with a large box of candy. Yes, you've guessed it, a Cookie Shine, with Sophia Waldman as leading lady! The wedding will take place in June.

Sophia has been a leader in student activities during her four years at George Washington. Her work on the Rifle Team has been outstanding. Granville Brumbaugh is a graduate of Lehigh University, class of '22, and of the George Washington University Law School in '25. He is a member of the Phi Delta Theta and Phi Delta Phi fraternities.

Delta Zeta has enjoyed during the past week a visit from Miss Grace E. Mason, the national executive secretary of their sorority. She inspected both the active chapter and the Washington Alumnae Chapter.

Margaret Fatum was formally pledged to Delta Zeta, Monday, March 15.

Alpha Zeta chapter of Alpha Kappa Kappa medical fraternity held its final initiation of the season last Friday evening. At that time Warren F. Breisch and Edward J. Buckley were accepted into its membership.

CRUM TO ORGANIZE INTER-CLASS NINES

Lack of Funds Prevents Organization of Varsity Baseball Team

Due to lack of funds, there will be no Varsity baseball team at George Washington University this year, according to a statement made recently by Coach Crum. However, the coach is endeavoring to organize class teams to engage in a diamond series to be played in the spring. There is a wealth of good baseball material at the University, and it is expected that the coming interclass series will supply a long-felt want.

Practice will not be called until warmer weather sets in, and a call for candidates will be issued at that time.

The Hatchet will publish more about the games when the news is available.

RESEARCH ASSOCIATION TO HEAR DR. HOWARD

Will Speak in Corcoran Hall Thursday on Supremacy of Man

Dr. L. A. Howard will address the George Washington University Association for the Advancement of Research at 8 o'clock, Thursday evening, March 18, in Corcoran Hall, according to an announcement made recently by Dr. Fred A. Moss. Dr. Howard's subject will be "A Threat to the Supremacy of Man."

All interested in research or a most enjoyable and instructive talk are cordially invited to attend.

Where a mother named
Her 18th child—Prohibition!

CAST PARTS SELECTED FOR "JUST A KISS" PLAY

Large Crowd of Girls Turns Out at Tryout For Chorus Parts in Musical Comedy

Leading parts for the University Musical comedy, written by Sterry Waterman, Larry Parker, and Jack Hutchings, and to be staged by the Troubadours, were tentatively selected on Tuesday, March 9, to be played by Annabelle Lloyd, Ellsworth Tompkins, Benjamin Cain, and Ruth Newburn, with two parts as yet undecided. The chorus tryouts of March 9th resulted in a selection of fifty girls from which thirty-eight will be chosen to compose three choruses; two for dancing and one for singing.

Jack Hutchings composed the music, which is an important feature of the entertainment, while Larry Parker originated the lyrics, and Mary Virginia Leckie is the dancing director.

Yesterday the last tryout for leads was held and will result in the final announcement of parts. Annabelle Lloyd as the heroine, Ruth Newburn as waitress, combined with Ben Cain, that "man about town," and the part of Jack Redmond, taken by Ellsworth Tompkins, should make an interesting cast with the addition of the two parts not yet decided.

A large crowd of girls appeared on March 9th at the gym for the chorus tryouts. From this number a group of first fifty and finally thirty-eight was selected, to be divided into dancing and singing choruses, according to their ability along those particular lines.

Hutchings Well-Known Composer.

Jack Hutchings, graduate of 1926, who is known in Washington as the composer of the "Chi Omega Sweetheart" and "White Rose of Sigma Chi," has greatly aided Sterry Waterman and Larry Parker, the authors, in their undertaking. He is the composer of most of the music for the comedy, and has already arranged and orchestrated the two most important of his twelve scores, which are called "Painted Caravans" and "Just a Kiss," and will both be played at the Interfraternity Prom by Dick Liebert's orchestra.

Larry Parker, the lyric writer, and Sterry Waterman, author of the comedy, have also done much under the supervision of Miss Brown, to aid in the choosing of parts and the direction of players.

All further tryouts and rehearsals will take place for the "leads" at 8 o'clock in the basement of the Law School and for the chorus, at 8.30 o'clock in the gym.

INTRODUCING THE FACULTY

EDWIN C. BRANDENBURG

A native of Washington and the local public schools, Professor Brandenburg also attended the G. W. Law School, receiving his LL. B. in 1890 and his LL. M. in 1891.

Previous to beginning the study of law he had been in the Signal Corps of the Army and had been attached to the Weather Bureau.

Coming from Fort Myer to Cincinnati, and later to St. Paul, where he became assistant director in charge of the Minnesota State Weather Bureau.

Following graduation he became connected with the Attorney General's office. In 1901 he resigned his position as special attorney of the United States in connection with the defense of the Government in the Court of Claims to take up the practice of law with the firm of Brandenburg and Brandenburg.

Prof. Brandenburg first became a

member of the faculty of the Law School in 1899 as Professor of Law. This is the twenty-seventh year he has taught the course on Bankruptcy. He is also professor of Federal Procedure and Practice.

While Prof. Brandenburg has figured in many important pieces of litigation there is one which has always been the source of a good deal of comment. That was a suit growing out of the sale of the famous Hope diamond. This diamond was absolutely unique in that the stone was deep blue and a vast amount of superstition and tragedy marked its passage from one crowned head to another in Europe before it was finally brought to the United States.

He wears a ring as a memento of his experiences in connection with that suit. It contains a diamond of the old cut which is one of those originally surrounding the Hope diamond in the period of tragedy with which it is connected.

Prof. Brandenburg, besides having been for several terms president of the G. W. Alumni Association, is deeply interested in civic affairs. He was president for three terms, 1915-1917, of the Washington Board of Trade. At the present time he is a director of the W. R. and E. Co., Potomac Electric Light and Power Co., National Bank of Washington, and various other corporations.

He is author of Brandenburg on Bankruptcy, first published in 1899, and a Digest of Bankruptcy Decisions, published the same year, besides numerous other law endeavors.

A NEW FAD SWEEPS WASHINGTON

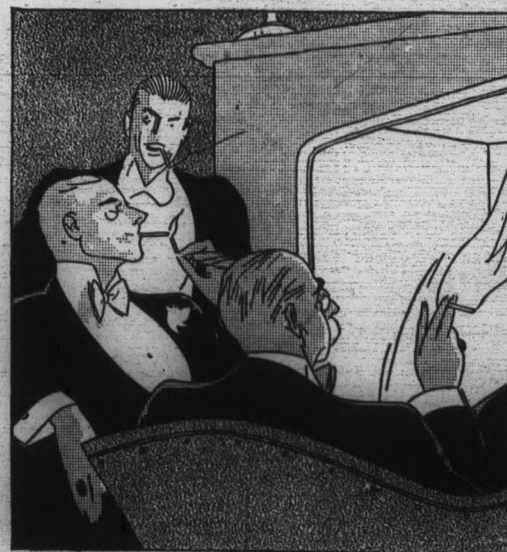

Psychograms Revealing Character By New Method

Psychograms have reached Washington. They are something new and most engrossing. A Psychogram analyzes character through hand writing. It is very easy and takes but a few minutes. Girls say it is their first chance to find their man out truthfully. Men are saying the same thing about the young ladies. Anyway Psychograms are proving great sport.

Psychograms come in a pad, ten readings to a pad. They cost but \$1. This means that ten different people can be analyzed for \$1.

Psychograms have been invented by Paul Hugon, the world famous authority on hand writing. They are absolutely scientific. Everybody is enjoying them. They are proving most popular for evening entertainments and in clubs and sororities. Reports have it if you want the sharpest things out, buy a pad of Psychograms. They tell you more about your friends, than the friends know themselves. Psychograms are on sale at 309 Star Bldg. Be first with a new thing.

When old grads drop in—and around the fire experiences of then are fondly retold—have a Camel!

WHEN famed men return. And by dancing firelight they relate their stories of old—have a Camel!

For Camel helps all men who rise proudly to rise higher and more jauntily. Camels never harm or tire your taste, no matter how plentifully you smoke them. You'll never find more friendly flavor than you get in Camels.

So this night when those from long ago return to think of the roads that join. As you see in their past your future unfold, then zestfully taste the smoke that's prized by the world's experienced.

Have a Camel!

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price. R. J. Reynolds Tobacco Company Winston-Salem, N. C.

NET TOURNAMENT FOR GIRLS IS PLAN

Doubles Tournament To Be
Played During April
For Z. T. A. Cup

VARSITY TEAM SELECTED

Definite Schedule Not Yet Arranged;
William and Mary Here
May 8

Announcement of a women's doubles tournament to be played off during April for the new cup offered by Zeta Tau Alpha has been made by Marie Didden, manager of the fair racquetball. Teams wishing to participate are urged to sign up before April 5, in Miss Hopkins' office, as the schedule is to be made up immediately following that date. Much interest will probably be evinced as women's net doubles is an innovation at G. W. and the cup offered is reported to be well worth while.

Selection of the Varsity team was made last week with the following girls holding posts in the succession named: 1. Frances Walker; 2. Cecyle Taylor; 3. Elizabeth Chickering; 4. Edith Petrie; 5. Miriam Davis; 6. Marie Didden; 7. Elizabeth Hastings; 8. Katherine Shoemaker; 9. Leah Cate.

Leaders May Be Challenged

Places were awarded according to rating on the 1925 team and announcement is made that people wishing places with the Varsity squad may challenge the last named racquetball and may thus continue to challenge for higher berths in the string. Team members are also permitted to move up by the challenge method.

No definite match schedule has been arranged as yet for the Varsity net girls. A match with William and Mary College for May 8, to be played in Washington, is the only intercollegiate contest chalked up so far. A return match with the Williamsburg racquetball will probably be played the next week. Other home tilts are being arranged and the schedule will be announced soon.

SPLINTERS FROM SPORTDOM

The Inter-Class Meet

Track Prospects Are Bright

Team to Train Outdoors

Concerning Baseball

Student Activity Cards

By DOMY DOMIGAN

Although track prospects seem unusually encouraging, the feature of the season again appears to be the interclass meet. This annual affair sponsored by the G. W. Club is the object of more student interest than any other event on the spring program and is second only to the G. W.-C. U. football game as the drawing card of the year. Hitherto the meet has been held as a pre-season affair with an object to further interest in the sport, but most noticeable has been the excellent spirit of sportsmanship which it has fostered. Fraternity relays, events for the coeds, and special races are features that have met with the response of the student body and help make the affair a success. The meet will be held on the Eastern track this year on Saturday, April 17, and a record-breaking crowd of contestants and observers is anticipated in spite of the inconvenient location of the field.

Track practice has been in full force this week under the direction of Coach Probey and Ex-Captain Tolson. The squad shows signs of development from its daily workouts and it is expected that the training site will be shifted to the cinder track sometime during the coming week. The material on hand is unusually promising though it appears that unless additional candidates are secured the burden of extra events must fall on these men. A number of men of known ability are enrolled in the University and it is hoped that they will bear in mind that the one year rule is not yet in effect and annex themselves to the squad.

Outdoor track promises to take the place of the night workouts in the gym sometime during the coming week. It is planned that the men meet at the gym as heretofore and adequate transportation will be furnished to the Plaza track where the evening sessions will be held. Use will be made of the showers and dressing rooms of the Aloysius Club which is only a few blocks away. Last year a similar arrangement was made with Georgetown and the association of the two squads did much toward fostering a bond of comradeship between them. We are equally grateful to the Aloysius Club for their courtesy which will enable the uninterrupted use of the gym as a classroom and dance hall—the purpose of course for which it was intended.

Last week it was reported that a tentative arrangement had been made for an appropriation for baseball. That sounded encouraging at the time but we fear that the students must again depend upon interclass encounters and Bucky and his gang to satisfy their baseball desires. Much as we would like to see a baseball team this season it seems a hopeless proposition at this time. There is no coach, no schedule, no organization and no one has trained. If anything can be accomplished under the circumstances, it is to be more than commended. But even if nothing can be accomplished for this season, we need not drop it yet. Now is the time to organize for next season and if we are going to have a team, the matter should be settled now.

When we registered in the fall, we were handed a card and asked to check the activities in which we were interested. To those entering the first time, such would appear that the University has a great interest in the recreational life of the student. But this delusion soon passes. Whether or not the cost of printing these cards is recompensed by that first impression is a matter for the University to decide.

Perhaps no two sports have as great a recreational interest among the students as do tennis and baseball. Yet the former—a sport in which we have always excelled—has been disregarded this year by those responsible, while last minute plans are being laid for baseball which we can only hope will materialize.

STOCKTON PORTRAIT TO BE UNVEILED MARCH 23

Adjutant General Campbell Is to Be
Speaker

The large oil painting of Admiral Stockton which has been donated to Stockton Hall, will be unveiled at three o'clock, March 23, in the Hall. The portrait was painted from a photograph of the Admiral by R. S. Meryman, who also painted the picture of Dean Wilbur which hangs in Corcoran Hall. It is about four by six feet, and shows the Admiral in Naval uniform, in a standing posture.

Adjutant General Campbell is to be the speaker at the unveiling ceremonies, and President Lewis is to preside. Dean Van Vleet and several other members of the faculty are to give addresses. The program has not yet been entirely completed. The portrait is to be hung in the main hall of Stockton, and will be a big addition to the general beauty of the building.

FIFTEEN ARE GIVEN HOCKEY NUMERALS

Presentations of Minor G. W.'s
Made To Girls at Luncheon
Held Thursday

AWARDED BY DEAN ROSE

Hour Glass Gives Silver Hockey
Balls; Pan-Hellenic Donates
Cup to Freshmen

About twenty-five members of the Hockey squad, which last fall won distinction for itself as a recognized sport at G. W., were guests at the annual Hockey luncheon held last Thursday in the Chi Omega fraternity rooms, 2024 G Street, at one o'clock. The rooms were especially arranged for the occasion, and the luncheon prepared and served by the Chi O "goats." Jeanne Gravatte, manager of Hockey for the past year, had complete charge of arrangements and gave the girls a delightful time.

Dean Rose, Miss Jones, Miss Kinnannon and the presidents of Hour Glass and Pan-Hellenic were the guests of honor.

Members of the Varsity team, which put up a splendid fight against the more experienced teamwork of Marjorie Webster and Holton Arms last fall, were awarded their minor G. W. letters at the luncheon. This is the first official recognition that Hockey has obtained from the school and it is spurring the girls to try to make Hockey a major sport next year. The presentations were made by Dean Rose, who congratulated the team on the good sportsmanship and spirit of hard work the girls have shown, and wished them great success for the future.

Those earning their letter awards were: Alice Haines, captain; Jeanne Gravatte, manager; Miss Hopkins, coach; Leah Cate, Betty Brandenburg, Alice Graham, Elizabeth Miles, Helen Miller, Louise Omwake, Mary K. Lutz, Vivian Robb, Louise Dubose, Abbie Burke, Margaret Knapp and Elizabeth DeKay.

Other Awards Made

In behalf of the Hour Glass Honor Society its president, Sophia Waldman, presented each member of the team with a small silver Hockey ball, engraved with the initials of the recipient, and "Hockey, '25-'26." Miss Waldman spoke of the interest of Hour Glass in the progress of girls' Hockey, and its wish to see it become one of the leading sports on the campus.

A silver loving cup donated by the Pan-Hellenic Association, and having the history of Hockey at G. W. engraved on its sides, was awarded the Freshman team, winners of the inter-class series played on the cinder last fall. The Freshmen, captained by "Jimmy" Cate, a veteran in the game, successfully downed the Sophomores and Junior-Senior class teams, scoring a clean victory over all opponents. The loving cup was presented by Marion Campbell, president of Pan-Hellenic, to Miss Cate. It will be passed on each year to the victorious class team.

Spring practice for all the girls who were out last fall is scheduled to begin the last of March or early in April, depending on the condition of the field, according to Jeanne Gravatte. Practice days are announced as Tuesday and Friday from 2 to 4 in the afternoon. No interschool games are planned, but several practice games are on the schedule.

MERMAIDS TURN OUT FOR SWIMMING TEAM

Forty-One Girls Are Present at Initial
Practice Held Recently
At Y. W. Pool

The mermaids of George Washington University have turned out in large numbers, forty-one girls being present at the Y. W. C. A. pool on the evening of the initial swim held recently.

Coach Hopkins is very well pleased with the material she has in her girls and expects to have a meet during the season. There is opportunity for all grades of swimmers, from the beginner's class to the life-saving class.

Abbie Burke has been appointed as one first assistant manager. The other first assistant has not yet been chosen. Judith Steele is to be second assistant.

PROF. MUNROE MADE RESEARCH CONSULTANT

Is Dean Emeritus of Graduate
Studies

Charles E. Munroe, Professor of Chemistry and Dean emeritus of the Faculty of Graduate Studies of George Washington University, under the authority of the Secretary of War and at the request of Major General Amos A. Fries, chief of the Chemical Warfare Service, has been appointed a research consultant of the latter service to assist in the solution of problems that have to do with the investigations and developments under way in this important branch of the U. S. Army.

BOWLING CHALLENGE

Bowlers of the Medical School have organized a team and are looking for matches with teams representing other departments of the University. A challenge is accordingly issued to any such teams.

It is hoped that if more than two departments are represented an inter-departmental league can be formed.

Address any communications to M. F. Ottman, Medical School.

SPRING FOOTBALL BEGINS TOMORROW

To Continue Every Afternoon
For Remainder of Training
Period

TO GET FRESHMAN COACH

Most of Last Year's Squad Is Expected
on Potomac Park
Gridiron

Announcement has been made by Coach Crum that spring football practice will begin Thursday, March 18, at 2 p. m., and will continue every afternoon thereafter until the close of the spring training period. On account of the difficult schedule which the team will face next season, it will be necessary for the men on last year's squad, as well as all other men who are interested in football to report for spring practice at this time.

Spring football practice is an accepted fact at the majority of colleges, and is of great assistance to the coach in enabling him to get a line on the prospects for his eleven. It is expected that the formation of the proposed Freshman team will increase the interest in this sport, as all men who do not make the Varsity will be eligible for a Fresh eleven if one is organized.

Angling for Opening Game

It is understood that the University is angling for a good coach to handle Freshman athletics, so that Coach Crum will be able to devote his entire time to the Varsity. Coach Crum is making negotiations for a game to be played here on September 25, which will open the season for the Hatchettes.

Most of last year's squad will be out for practice Thursday, and several promising recruits are expected to show up. Several assistant managers will be needed, and Crum has issued a call for those interested to report at the Gym Thursday at 2 p. m., with the members of the squad.

The schedule for next season, as definitely determined follows:

Sept. 25—Open. Washington.
Oct. 2—City College of New York, at Washington.
Oct. 9—Bucknell, at Lewisburg, Pa.
Oct. 16—Blue Ridge, at Washington.
Oct. 23—William and Mary, at Williamsburg, Va.
Oct. 30—Penn State, at State College, Pa.
Nov. 6—Ursinus, at Washington.
Nov. 13—Randolph-Macon, at Washington.
Nov. 25—Catholic University, at Washington.

TRACK SQUAD TO HOLD OUTDOOR PRACTICES

Will Work Out on Plaza Track in
Near Future—Several New
Men Report

About fifteen members of the track squad have been working out on the board track in the Gym every evening since the beginning of practice. Coach Tom Probey, who has coached several successful Buff and Blue cinder outfits, is putting the candidates for the team through a series of stiff workouts in anticipation of indulging in outdoor training on the Plaza track within the next week or so.

While the prospects for the coming season look extremely good, it is felt that more material should report and benefit by the early practice. The coach has asked that all students who intend to come out do so at once, reporting at the Gym at 7 p. m. any evening.

Attempts are being made to arrange for a schedule of afternoon practices to be held in the near future, and it is thought that this arrangement will bring out many men of no little track ability, who are unable to take advantage of the evening workouts.

Walter Myers, former Central High School middle distance star, reported for his first practice last Friday, and gives promise of showing his wares as soon as he gets in condition. Coach Probey has been giving the boys a short period of setting-up exercises, after which they work out on the track.

MENORAHS TO MEET

The Menorah Society will have a symposium at their meeting to be held tonight, at 8.15 o'clock. The symposium will take the form of talks on the different phases of religion. Those scheduled to take part are: Ethel Wool, Charles Rivies, Harry Price and Joseph Herschman. The Menorah dance is to be held on April 17, and it is expected that many of the faculty will attend.

SPORTS

A. D. PI TEAM LEADS IN PAN HEL BOWLING

Score 1156 in Match With
Phi Mu; Other Set
Postponed

MOORE HIGHEST WITH 249

Gamma Beta Pi and Pi Beta Phi
Roll Match Tonight at Convention
Hall

Alpha Delta Pi and Phi Mu, rolling the pins down for a total of 1156 and 999, respectively have finished the first stage of the inter-society bowling match scheduled for last and this week.

Zeta Tau Alpha and Phi Sigma were slated to roll last Tuesday, but their contest was postponed until later on the list.

The Alpha Delta Pi roll resulted in totals of 384, 299, and 373 for the three games, highest individual score going to Katherine Brake with a score of 94. Honors for the highest three games went to Miss Moore with a total roll of 249. Total average of the A. D. Pi girls was 77 1-15. The team consisted of Moore, Burband, Rogers, Shook, Bates, with Brake and Chandler as substitutes.

High Game is 97.

Phi Mu pin splitters with scores of 309, 313 and 377, averaged 63 4-15. The highest game score went to Miss Davison, who rolled 97 in her third try. Miss Davison also captured honors for the highest three game average with a total of 233. The Phi Mu five was composed of Jaquette, Boardman, Davison, Perry, Peoples, with Lorry as substitute.

Matches for this week began last night with Chi Omega and Delta Zeta rolling. Gamma Beta Pi and Pi Beta Phi are slated for tonight, and Kappa Delta and Phi Sigma will wind up the roll tomorrow.

Zeta Tau Alpha and Phi Sigma will roll some afternoon this week to make up for their postponement. All matches are held at Convention Hall Alley at 7.30 p. m., except the last one on Thursday, that will wind up the list. This will be rolled at King Pin Alley, 14th and Park Road, at 8.00 p. m. if the present plans are carried out.

ACACIA COPS TITLE

LENROOT HEARD BY STUDENT AUDIENCE

Speaks on "The World Court" in Address Here Last Week

IS AMERICAN IN ORIGIN

History and Political Science Clubs Hold Joint Meeting to Hear Senator

Senator Irvine L. Lenroot, of Wisconsin, addressed the History and Political Science Clubs on "The World Court," Friday evening, March 12, at a joint meeting of the clubs held in Corcoran Hall.

Senator Lenroot declared that the World Court is American in origin, and was conceived by American statesmen, although the idea was first formed in the Middle Ages. He showed how, in the first Hague Conference, our delegates were instructed to secure advocates for the Permanent Court of International Justice, and how, in the second Hague Conference, our delegates were even given minute directions as to the character of court they should build.

The Senator discussed in detail each statute of the World Court, stating that its honest interpretation is one not incompatible with the policies or interests of the United States.

Decision Not Binding.

His chief point was that no question involving the United States could be discussed in the court without our consent, and no decision binding, unless we agreed.

Thus we can consider, but not necessarily obey, the advice of the World Court.

According to the speaker, no direct benefit will result from our entry into the World Court. The determination of the world's people will alone abolish war. But Senator Lenroot believes a court which has found its analogy in some of our own State constitutions, which can not hurt any, and may help many, should be upheld firmly by us, that we may further, though only a little, the peace of the world.

ADDITIONAL TRYOUTS ARE HELD FOR SPRING VODVIL

Tentative Cast Selected for the Players' Show; Dionysians Hold Rehearsal

Additional tryouts for the Vodvil will be held in the Gym Thursday evening, March 18. According to those in charge all stunts must be ready for presentation by this time, and it is imperative that each person or group putting on a stunt be in the Gym not later than 8.30 p. m.

This will be the final tryout, and it is unusually important that anyone wishing to put on a stunt be there tomorrow night so that the judges may make their final decisions. The Chairman of the Judging Committee, Maxine DeSilvia, has announced the appointment of the following on her committee: Marie Didden, Henry James, Helen Perlman, Vincent Stubbs and Frances Walker.

As a result of tryouts held during the past few weeks, a tentative cast has been chosen by the Players for their varsity show, "You Never Can Tell." Maxine Alverson, Mary Blaisdell, Maxine DeSilvia, Marie Didden, Ruth Hutchison, Betty Kilbourne, Virginia Mitchell, Betty Moody, Wroe Alderson, William Clementson, Pern Henninger, Homer Millard, Edward Moulton and Vincent Stubbs make up the list.

"Frogs" Rehearsals Held

Rehearsal for the last scene of the "Frogs," to be given by the Dionysians, will be held tonight, and two additional rehearsals will be held on March 24 and March 31, the latter for chorus only, and the former for scenes II, V and VII. In addition to a double chorus, the cast will be as follows: Bacchus, Kermit Girdner; Xanthias, Leroy S. Bendheim; Aeacus, Joseph D. Millenky; Prosperine's hand maiden, Willie Kennedy; 1st woman, Mrs. Kephart; 2nd woman, Winifred Buckingham; Aeschylus, Tom Bentley and Euripides, Everett Johnston. Miss Buckingham, of the Corcoran School of Art is making attractive and original posters for the production.

THIRD INTER-CLASS TRACK MEET APRIL 17

Continued from page 1
events): 100, 220, and 440-yard dashes; 880, mile and two-mile runs; running broad jump; running high jump; shot put; javelin and discus throws; and pole vault. (Closed events), 50, 100, and 220-yard dashes; and 600-yard run. Women: 50, 70, and 100-yard dashes; shot put; running high jump; broad jump; and baseball throw. Features: Quarter-mile Inter-Sorority Relay Race; and Half-mile Inter-Fraternity Relay Race.

Entry Blanks and detailed rules and regulations for the Inter-Class Meet will soon be posted on the various University Bulletin Boards. Entry blanks should be filled in as soon as possible and forwarded to the president, G. W. Club, 1733 N Street N. W. No student will be permitted to enter any event until an entry blank has been properly prepared. Difficulty will be avoided if blanks are filled in before the day of the meet and forwarded to the president of the G. W. Club, as directed.

Numerous Trophies Are Offered

To the class winning the greatest number of points in the Inter-Class Meet will go the much coveted Louis A. Fischer Silver Memorial Trophy, donated by friends of the late Louis A. Fischer. This trophy was won by the Senior Class in 1924 and 1925. Silver cups will be presented to the men and women individual point winners of the meet. The Men's Cup is being donated by Thomas A. Proby, coach of the Varsity Track Team, and the Women's Cup by the Women's G. W. Club. The Men's Point Trophy was won in 1924 by Hillary A. Tolson, and in 1925 by John Loehler, while Beatrice Woodford won the Women's Point Trophy in 1924 and Leah Cate in 1925. The former is an outright award, while the latter is an annual award. The Men's Point Trophy is not given to any man who has previously been the highest individual point winner of an Inter-Class Meet.

Offer Individual Medals

Second, third, and fourth point winners in the "open" and women's events will be presented gold, silver, and bronze medals, respectively, by the Men's G. W. Club, as will the first, second, and third point winners in the men's "closed" events. Fourth, fifth, and sixth places in the "open" events will count 2, 1, and 1/2 points, respectively, for novices trying for the "closed" events medals.

In addition to these medals every student who places first, second, or third in any event and does not win a point medal will be awarded a bronze medal by the Men's G. W. Club of a different type than the point winner medals. The winners of the mile and two-mile events will also be awarded bronze medals by the G. W. Club similar to those awarded the point winners.

The Inter-Sorority Relay Trophy, donated by the Pan-Hellenic Council, and won by Chi Omega in 1924 and 1925, will go to the sorority relay team winning the Inter-Sorority Relay Race, while the Inter-Fraternity Relay Trophy, donated by H. W. Crum, Director of Athletics, and won by Sigma Alpha Epsilon in 1924, and Sigma Phi Epsilon in 1925, will be awarded the fraternity relay team winning the Inter-Fraternity Relay Race.

Who will win the individual point medals this year? What sorority and fraternity will win the relay trophies? These questions can only be answered Saturday, April 17.

The school gets the benefit. The school gets the fame. The printer gets the money. But the staff gets the blame.—Exchange.

Authority Names Virginia Eicher, G. W. Co-Ed, Typical American Girl

Dr. Hrdlicka, Noted Anthropologist, Picks Pretty George Washington University Student as Representative of Distinct American Type Now Being Developed.

Virginia Eicher, pretty George Washington co-ed has been picked as a striking example of the perfect American girl by Dr. Ales Hrdlicka, curator of physical anthropology at the New National Museum. Dr. Hrdlicka, after an intensive study of characteristic racial types, has stated that a distinctive American type is now developing.

Miss Eicher, who is 19 years old, and a native of Greensburg, Pa., conforms to the rigid standards set by the noted anthropologist.

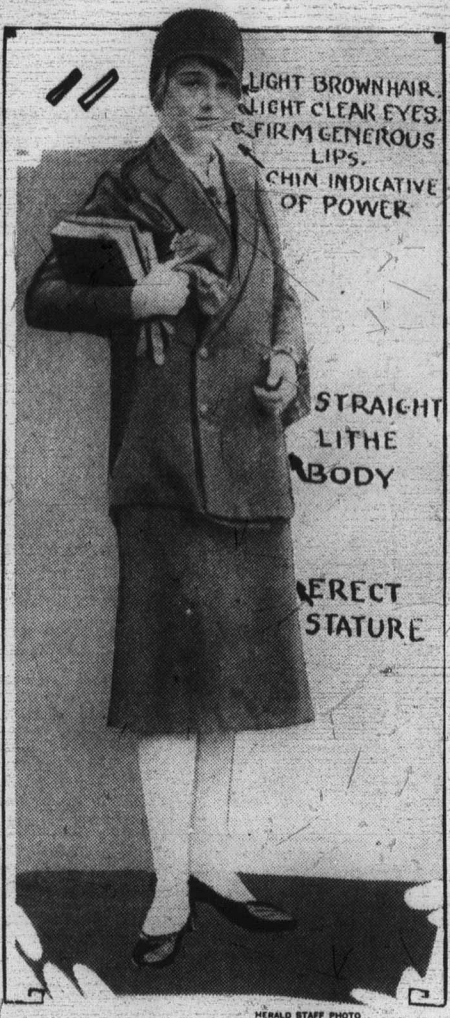

The marked characteristics of this type, says the curator, are light hair, fair complexion, and a straight, lithe figure. The ideal weight of 127 pounds presented the real difficulty encountered in finding the perfect girl, most girls being from 10 to 12 pounds underweight.

Miss Eicher is a member of the Sophomore class at the University, and was "spotted" as she strolled across the campus to her 5 o'clock class.

Dr. Hrdlicka's measurements, besides being scientific, are a great relief to the young girl who passed up chocolate sodas and other weight tempters. No need from now on to say, "No, thank you," when the cake is passed.

In 200 more years, this purely American type—women, men and all—will be developed into a characteristic American race, Dr. Hrdlicka said recently.

Nevertheless, in this gradual blondes of the feminine species per change to a new American type, men and women, meaning, of are showing more definite traces course, natural blondes. Brunettes than women, Dr. Hrdlicka said, persist in remaining brunettes.

Hatchet Reviews of Current Shows

By JACK MILLIGAN

DRAMATURGIC DOPE

The third wily Earl to come into the innocent life of Vera, Countess of Cathcart, is the now bald-headed Carroll, who is presenting "Ashes of Love" at the Belasco this week. Reno papers please copy.

RIALTO

The feature picture this week at the Rialto, "The Cohens and the Kellys," is not as bad as the title indicates. An "Abie's Irish Rose" plot, minus the cheap religious platitudes, is endurable. So, although designed to tickle the fancy of the groundlings primarily, "The Cohens and the Kellys" has some good laughs for the ultra critical.

George Sidney is especially good in his characterization of the choleric but lovable Cohen; while Vera Gordon, Kate Price, and Charles Murray hold up their ends with distinction. International News and a spring fashion festival complete the bill.

HELEN.

PALACE

This week's movie at the Palace is named "Sea Horses," why, I don't know. I didn't see a single horse. I saw some other nice things, though. Jack Holt takes the role of a skipper of a tramp steamer, who, out of the kindness of his great big heart, gives passage on his ship to a distressed lady who wants to join her husband in Pago Pago. When said lady, played by Florence Vidor, reaches said destination she finds that said husband has fallen into the clutches of the local Peggy Joyce. Well, the plot has to end some way, so, by following the line of least resistance, the lady marries the skipper. Just another one of those "White Cargo" things, with the necessary variations.

There is also a Mack Sennett comedy, the Topics of the Day; the Pathe News; and Tom Gannon's music.

Which makes a pretty good program.

JOE.

METROPOLITAN

The Met offers an unusually entertaining program this week, featuring Lewis S. Stone and Anna Q. Nilsson in "Too Much Money."

The plot, what there is of it, deals with the trials and tribulations of a gilded pair who are unexpectedly possessed of wealth to the point of vulgarity.

But who cares for a plot when you can watch Lewis Stone trim and twist his moustache, and make love to the beautiful Anna Q.?

Extra features include the Pathe News, a scenic, and the Loomis Twins. These Loomis youngsters are there, no doubt, and miss nothing from the approved Keith-Albee gestures to the dramatic recitation

accompanying "Oh, How I Miss You Tonight!" They're good, though.

ELBERT.

COLUMBIA

If you like a moving picture crammed with fights, he-man emotions, assorted thrills, ice-berg crushes, and other such bizarre phenomena, you will enjoy "The Barrier." This film, which is keeping the cashiers busy down at the Columbia, is exciting and entertaining because of its continuous action, but it's carried a little too far.

On the credit side, however, may be listed the excellent acting of the cast, and some pretty good trick photography. The story, whose locale is a small Alaskan town, concerns a little half-breed girl who is wanted in marriage by an American Army officer. The difference in their races provides the "barrier."

Lionel Barrymore, Marceline Day, Henry B. Walthall, Shannon Day, Mario Carillo, and Bert Woodruff turn in excellent performances in the leading roles.

An amusing comedy, the International News, and Leon Brusiloff's music are also on the menu.

DEAN.

GENTLE GOSSIP

The funniest sight in Washington last week wasn't the elegant spectacle of a succulent young lady falling out of a chair and under a table at Child's after the "Hatchet" staff danced last Saturday night; no, it was the pitiful view of this writer attempting to trip the heavy fantastic at the afore-mentioned dance, which was the first one he had attended in months.

COLUMBIANS TO DEBATE ENOSINIANS THIS WEEK

Poetry of Wordsworth to be Attacked

Because of the G. W. Centre College debate the Columbian Society adjourned its meeting last Friday night so that the members might attend the contest. The debate scheduled for Friday, March 12, was postponed until next Friday, March 19, when the proposition, Resolved, That the Younger Generation is Disgusting, will be debated on the affirmative by Mr. Rosenthal and on the negative by Mr. Williamson.

In addition to this debate the question, "Resolved, That Wordsworth is the World's Worst Poet," will be argued with the Enosinian Society upholding the affirmative and the Columbian Debating Society the negative. Frank Smith and Wroe Alderson will speak for the Columbian Society, while Alvin McNish, Jr., and another of the Enosinians will attempt to down Wordsworth.

Funny thing about these 15-cent socks.

Wasn't matter? Every time I walk, they run.—Lincoln Log, Cleveland, Ohio.

REV. ABBOTT SPEAKS TO EPISCOPAL CLUB

Stresses Fact that the Bible Is a Continual Process of God And Man

The Reverend C. S. Abbott gave a talk on the Bible to the Episcopal Club at the last meeting, held March 11. Mr. Abbott stressed the fact that the Bible is a continual process, God revealing and man discovering. The greatest progress in religion in ancient time was made by the Jews who learned two things: first that there is but one God and second that man has a spark of divine life in him. The collection of books called the Bible are finished, but the twentieth century Bible is carried on by the discoveries of man. The validity of these discoveries is proved by their conforming in spirit with the Four Gospels.

Mary Lewis Beard gave a report of the Conference of Episcopal Clubs recently held here. Dinner at seven o'clock at the University cafeteria will be a regular part of the Club's program.

A Corporate Communion will be made at the Church of the Epiphany on March 28, at 8 a. m.

Two are twins, three are an outrage.—Utah Humbug.

GOLF TO BE STARTED AS CO-ED SPORT HERE

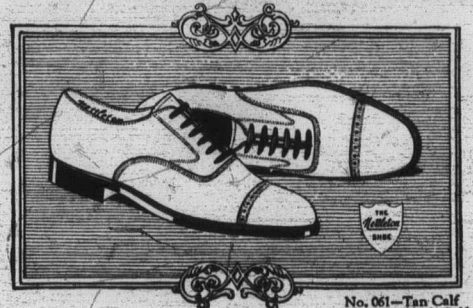

Practice to Begin at Once; Match Play and Matches to be Staged On Municipal Links

Golf as a Varsity sport for girls has become a realization with the announcement made by Miss Hopkins that practice will begin this week for a tournament to be staged during the first week in May. Public courses of the District were opened last Saturday and most of the practice work will be carried on at the Municipal green with score tallies to be handed in to Miss Hopkins so the girls may be classified for tournament ranking.

Several girls have shown a keen interest in the sport, and although the tournament is an experiment, it is believed will prove extremely successful. The match planned to begin May first will be run off in two stages. In medal play, ranking will be made by scores handed in and the contestants will work according to classification. Definite match play, slated for the end of that week, will bring in competitive spirit by having the fair golfers tapping the ball at the same time. A trophy of some sort may be awarded the winner of the tournament, it is reported.
